Christmas & New Year Message

Reflecting the growth of SIIT from an infant to an active and inspiring child, SIIT is very proud to share some of SIIT’s outstanding achievements in the past one and a half years.

1. From an almost unknown name, Sydney Institute of Interpreting and Translating has become a relatively known name of quality and integrity in Australian and parts of China. This is a great achievement over such a short period of time.

2. SIIT has had three of its qualifications approved for NAATI accreditation purposes at appropriate levels. And SIIT is committed to working with NAATI to ensure the integrity of NAATI accreditation be upheld at all times.

3. SIIT has seen off more than 40 graduates achieving NAATI accreditation through their study at SIIT, and they are now actively working in their chosen academic or professional fields.

4. SIIT has more than 120 promising students inspired to complete their qualifications with distinction. SIIT would like to say "a big thank you" to all of our students, past and present. Without our students, SIIT would not have been here, sound and strong. SIIT understands that your goal and interests are the ultimate goals and interests of SIIT. And that is what we are striving for and what we are committed to.

5. SIIT has nurtured a professional and somewhat family-like relationship with more than 15 NAATI accredited professionals. We grow together while learning from each other. A bond such as this is a lifetime treasure.

6. SIIT has forged partnership with many outstanding and quality education/migration agents, they have been the forefront of SIIT’s marketing efforts. SIIT is grateful to their service and is looking forward to working together with all our partners in achieving more in the coming year.

SIIT is committed to a long-term strategy of lifetime long, or beyond. SIIT is committed to a long-term quality, not a short-term flip.

Looking forward into the future, SIIT is full of confidence to face up to future changes and challenges as SIIT has never shunned away from challenges and controversies.

1. SIIT is committed to maximizing the training outcomes for all students by substantiating its training team, its training facilities and training resources.

2. SIIT is planning to enter into higher education sector within the next one or two years.

3. SIIT is planning to open its campus in different cities across China within the next one or two years.

With an open, transparent and fair environment, I believe that it can be done. While showering in the festive spirits of Christmas and New Year, I would like to wish all our students to have the greatest two gifts of all: a career to commit to and a career to inspire you.

For all our committed trainers and their family members, if I could wish a wish for you, it would be for peace and happiness not only now, but for the whole year through!

For all our business partners, professional colleagues, supervisors, I wish everyone a healthy, happy, safe and harmonious festive season.

Best wishes to anyone and every one who have been part of SIIT.
